### PROPOSED DEVELOPMENT IN DETAIL

The proposal comprises of a first floor addition to an existing single storey dwelling.

The first floor addition will provide for a new internal stairway from the existing living room on the ground floor, sitting room and a master bedroom with an ensuite, walk in robe and deck fronting Maroa Crescent.

### ASSESSMENT INTRODUCTION

The application has been assessed in accordance with the requirements of the Environmental Planning and Assessment Act 1979 and the associated Regulations. In this regard:

- An assessment report and recommendation has been prepared (the subject of this report) taking into account all relevant provisions of the Environmental Planning and Assessment Act 1979, and the associated regulations;
- A site inspection was conducted and consideration has been given to the impacts of the development upon the subject site and adjoining, surrounding and nearby properties;
- Notification to adjoining and surrounding properties, advertisement (where required) and referral to relevant internal and external bodies in accordance with the Act, Regulations and relevant Development Control Plan;
- A review and consideration of all submissions made by the public and community interest groups in relation to the application;
- A review and consideration of all documentation provided with the application (up to the time of determination);
- A review and consideration of all referral comments provided by the relevant Council Officers, State Government Authorities/Agencies and Federal Government Authorities/Agencies on the proposal.

## SUMMARY OF ASSESSMENT ISSUES

Warringah Development Control Plan - B3 Side Boundary Envelope

### SITE DESCRIPTION

|                                   |   |
|-----------------------------------|---|
| <b>Property Description:</b>      | Lot 9 DP 26781 , 18 Maroa Crescent ALLAMBIE HEIGHTS NSW 2100  |
| <b>Detailed Site Description:</b> | <p>The subject site consists of one (1) allotment located on the western side of Maroa Crescent, Allambie Heights.</p> <p>The site is regular in shape with a frontage of 16.155m along Maroa Crescent and a depth of 40.235m. The site has a surveyed area of 649.9m<sup>2</sup>.</p> <p>The site is located within the R2 Low Density Residential zone and accommodates a single storey brick residence with a metal roof. Vehicular access to the site is available via a concrete driveway to an attached garage.</p> <p>The site slopes from the north to the south with a fall of approximately 2 metres.</p> <p>The site is characterised by lawn areas within the front and rear of the site. It is also landscaped with small and medium size trees and vegetation.</p> <p><b>Detailed Description of Adjoining/Surrounding Development</b></p> <p>Adjoining and surrounding development is characterised by similar two storey dwellings. The site and neighbouring properties adjoin a public reserve to the south west.</p> |

Map:

## SITE HISTORY

A search of Council's records has revealed that there are no recent or relevant applications for this site.

The land has been used for residential purposes for an extended period of time.

## ENVIRONMENTAL PLANNING AND ASSESSMENT ACT, 1979 (EPAA)

The relevant matters for consideration under the Environmental Planning and Assessment Act, 1979, are:

| Section 4.15 Matters for Consideration'   | Comments   |
|---|--|
| Section 4.15 (1) (a)(i) – Provisions of any environmental planning instrument   | See discussion on "Environmental Planning Instruments" in this report.   |
| Section 4.15 (1) (a)(ii) – Provisions of any draft environmental planning instrument                                      | Draft State Environmental Planning Policy (Remediation of Land) seeks to replace the existing SEPP No. 55 (Remediation of Land). Public consultation on the draft policy was completed on 13 April 2018. The subject site has been used for residential purposes for an extended period of time. The proposed development retains the residential use of the site, and is not considered a contamination risk. |
| Section 4.15 (1) (a)(iii) – Provisions of any development control plan  | Warringah Development Control Plan applies to this proposal.   |
| Section 4.15 (1) (a)(iia) – Provisions of any planning agreement  | None applicable.   |
| Section 4.15 (1) (a)(iv) – Provisions of the Environmental Planning and Assessment Regulation 2000 (EP&A Regulation 2000) | Division 8A of the EP&A Regulation 2000 requires the consent authority to consider "Prescribed conditions" of development consent. These matters have been addressed via a condition of consent.   |

| Section 4.15 Matters for Consideration'  | Comments   |
|--|--|
|  | <p><u>Clause 50(1A)</u> of the EP&amp;A Regulation 2000 requires the submission of a design verification certificate from the building designer at lodgement of the development application. This clause is not relevant to this application.</p> <p><u>Clauses 54 and 109</u> of the EP&amp;A Regulation 2000 allow Council to request additional information. No additional information was requested in this case.</p> <p><u>Clause 92</u> of the EP&amp;A Regulation 2000 requires the consent authority to consider AS 2601 - 1991: The Demolition of Structures. This matter has been addressed via a condition of consent.</p> <p><u>Clauses 93 and/or 94</u> of the EP&amp;A Regulation 2000 requires the consent authority to consider the upgrading of a building (including fire safety upgrade of development). This matter has been addressed via a condition of consent.</p> <p><u>Clause 98</u> of the EP&amp;A Regulation 2000 requires the consent authority to consider insurance requirements under the Home Building Act 1989. This matter has been addressed via a condition of consent.</p> <p><u>Clause 98</u> of the EP&amp;A Regulation 2000 requires the consent authority to consider the provisions of the Building Code of Australia (BCA). This matter has been addressed via a condition of consent.</p> <p><u>Clause 143A</u> of the EP&amp;A Regulation 2000 requires the submission of a design verification certificate from the building designer prior to the issue of a Construction Certificate. This clause is not relevant to this application.</p> |
| Section 4.15 (1) (b) – the likely impacts of the development, including environmental impacts on the natural and built environment and social and economic impacts in the locality | <p>(i) <b>Environmental Impact</b><br/>The environmental impacts of the proposed development on the natural and built environment are addressed under the Warringah Development Control Plan section in this report.</p> <p>(ii) <b>Social Impact</b><br/>The proposed development will not have a detrimental social impact in the locality considering the character of the proposal.</p> <p>(iii) <b>Economic Impact</b><br/>The proposed development will not have a detrimental economic impact on the locality considering the nature of the existing and proposed land use.</p>   |
| Section 4.15 (1) (c) – the suitability of the site for the development   | The site is considered suitable for the proposed development.  |
| Section 4.15 (1) (d) – any   | See discussion on “Notification & Submissions Received” in this  |

| Section 4.15 Matters for Consideration'                     | Comments  |
|---|---|
| submissions made in accordance with the EPA Act or EPA Regs | report.   |
| Section 4.15 (1) (e) – the public interest                  | No matters have arisen in this assessment that would justify the refusal of the application in the public interest. |

## EXISTING USE RIGHTS

Existing Use Rights are not applicable to this application.

## BUSHFIRE PRONE LAND

The site is classified as bush fire prone land. Section 4.14 of the Environmental Planning and Assessment Act 1979 requires Council to be satisfied that the development conforms to the specifications and requirements of the version (as prescribed by the regulations) of the document entitled Planning for Bush Fire Protection.

A Bush Fire Report was submitted with the application that included a certificate (prepared by Bushfire Planning Services dated 10 March 2021) stating that the development conforms to the relevant specifications and requirements within Planning for Bush Fire Protection. The recommendations of the Bush Fire Report have been included as conditions of consent.

## NOTIFICATION & SUBMISSIONS RECEIVED

The subject development application has been publicly exhibited from 20/04/2021 to 04/05/2021 in accordance with the Environmental Planning and Assessment Act 1979, Environmental Planning and Assessment Regulation 2000 and the Community Participation Plan.

As a result of the public exhibition of the application Council received no submissions.

## REFERRALS

| External Referral Body | Comments  |
|------------------------|---|
| Ausgrid: (SEPP Infra.) | The proposal was referred to Ausgrid who provided a response stating that the proposal is acceptable. |

## ENVIRONMENTAL PLANNING INSTRUMENTS (EPIS)\*

All, Environmental Planning Instruments (SEPPs, REPs and LEPs), Development Controls Plans and Council Policies have been considered in the merit assessment of this application.

In this regard, whilst all provisions of each Environmental Planning Instruments (SEPPs, REPs and LEPs), Development Controls Plans and Council Policies have been considered in the assessment, many provisions contained within the document are not relevant or are enacting, definitions and operational provisions which the proposal is considered to be acceptable against.

As such, an assessment is provided against the controls relevant to the merit consideration of the application hereunder.

## State Environmental Planning Policies (SEPPs) and State Regional Environmental Plans

## (SREPs)

### SEPP 55 - Remediation of Land

Clause 7 (1) (a) of SEPP 55 requires the Consent Authority to consider whether land is contaminated. Council records indicate that the subject site has been used for residential purposes for a significant period of time with no prior land uses. In this regard it is considered that the site poses no risk of contamination and therefore, no further consideration is required under Clause 7 (1) (b) and (c) of SEPP 55 and the land is considered to be suitable for the residential land use.

### SEPP (Building Sustainability Index: BASIX) 2004

A BASIX certificate has been submitted with the application (see Certificate No. A408908 dated 12 March 2021).

A condition has been included in the recommendation of this report requiring compliance with the commitments indicated in the BASIX Certificate.

### SEPP (Infrastructure) 2007

#### Ausgrid

Clause 45 of the SEPP requires the Consent Authority to consider any development application (or an application for modification of consent) for any development carried out:

- within or immediately adjacent to an easement for electricity purposes (whether or not the electricity infrastructure exists).
- immediately adjacent to an electricity substation.
- within 5.0m of an overhead power line.
- includes installation of a swimming pool any part of which is: within 30m of a structure supporting an overhead electricity transmission line and/or within 5.0m of an overhead electricity power line.

#### Comment:

The proposal was referred to Ausgrid who provided a response stating that the proposal is acceptable.

### Warringah Local Environmental Plan 2011

|  |     |
|--|-----|
| Is the development permissible?  | Yes |
| After consideration of the merits of the proposal, is the development consistent with: |     |
| aims of the LEP?   | Yes |
| zone objectives of the LEP?  | Yes |

### Principal Development Standards

| Standard             | Requirement | Proposed | % Variation | Complies |
|----------------------|-------------|----------|-------------|----------|
| Height of Buildings: | 8.5m        | 7.5m     | -           | Yes      |

### Compliance Assessment

| Clause                          | Compliance with Requirements |
|---------------------------------|------------------------------|
| 2.7 Demolition requires consent | Yes                          |
| 4.3 Height of buildings         | Yes                          |
| 6.4 Development on sloping land | Yes                          |

### Warringah Development Control Plan

#### Built Form Controls

| Built Form Control                                  | Requirement | Proposed          | % Variation* | Complies |
|---|-------------|-------------------|--------------|----------|
| B1 Wall height                                      | 7.2m        | 6.4m              | -            | Yes      |
| B3 Side Boundary Envelope                           | 4m          | not within (east) | -            | No       |
|   | 4m          | within (west)     | -            | Yes      |
| B5 Side Boundary Setbacks                           | 0.9m        | 2m (north)        | -            | Yes      |
|   | 0.9m        | 5.7m (south)      | -            | Yes      |
| B7 Front Boundary Setbacks                          | 6.5m        | 7.6m              | -            | Yes      |
| B9 Rear Boundary Setbacks                           | 6m          | 23.2m             | -            | Yes      |
| D1 Landscaped Open Space (LOS) and Bushland Setting | 40%         | 41.5%             | -            | Yes      |

**\*Note:** The percentage variation is calculated on the *overall* numerical variation (ie: for LOS - Divide the proposed area by the numerical requirement then multiply the proposed area by 100 to equal X, then 100 minus X will equal the percentage variation. Example:  $38/40 \times 100 = 95$  then  $100 - 95 = 5\%$  variation)

### Compliance Assessment

| Clause                         | Compliance with Requirements | Consistency Aims/Objectives |
|--------------------------------|------------------------------|-----------------------------|
| A.5 Objectives                 | Yes                          | Yes                         |
| B1 Wall Heights                | Yes                          | Yes                         |
| B3 Side Boundary Envelope      | No                           | Yes                         |
| B5 Side Boundary Setbacks      | Yes                          | Yes                         |
| B7 Front Boundary Setbacks     | Yes                          | Yes                         |
| B9 Rear Boundary Setbacks      | Yes                          | Yes                         |
| C2 Traffic, Access and Safety  | Yes                          | Yes                         |
| C3 Parking Facilities          | Yes                          | Yes                         |
| C4 Stormwater                  | Yes                          | Yes                         |
| C8 Demolition and Construction | Yes                          | Yes                         |

| Clause   | Compliance with Requirements | Consistency Aims/Objectives |
|--|------------------------------|-----------------------------|
| C9 Waste Management                                | Yes                          | Yes                         |
| D1 Landscaped Open Space and Bushland Setting      | Yes                          | Yes                         |
| D2 Private Open Space                              | Yes                          | Yes                         |
| D3 Noise   | Yes                          | Yes                         |
| D6 Access to Sunlight                              | Yes                          | Yes                         |
| D7 Views   | Yes                          | Yes                         |
| D8 Privacy   | Yes                          | Yes                         |
| D9 Building Bulk                                   | Yes                          | Yes                         |
| D10 Building Colours and Materials                 | Yes                          | Yes                         |
| D11 Roofs  | Yes                          | Yes                         |
| D12 Glare and Reflection                           | Yes                          | Yes                         |
| D14 Site Facilities                                | Yes                          | Yes                         |
| D20 Safety and Security                            | Yes                          | Yes                         |
| D21 Provision and Location of Utility Services     | Yes                          | Yes                         |
| D22 Conservation of Energy and Water               | Yes                          | Yes                         |
| E1 Preservation of Trees or Bushland Vegetation    | Yes                          | Yes                         |
| E2 Prescribed Vegetation                           | Yes                          | Yes                         |
| E6 Retaining unique environmental features         | Yes                          | Yes                         |
| E7 Development on land adjoining public open space | Yes                          | Yes                         |
| E10 Landslip Risk                                  | Yes                          | Yes                         |

#### Detailed Assessment

### **B3 Side Boundary Envelope**

#### Description of non-compliance

The proposed first floor addition presents a minor non-compliance to the side building envelope control along the northern elevation of the dwelling. The minor non-compliance comprises of the eave and a portion of the new roof.

#### Merit consideration

With regard to the consideration for a variation, the development is considered against the underlying Objectives of the Control as follows:

- *To ensure that development does not become visually dominant by virtue of its height and bulk.*

#### Comment:

The proposed first floor addition presents generous setbacks to the front, side and rear boundaries. The portion of the roof and eave presenting the non-compliance is not expected to visually dominate the surrounding streetscape.

- *To ensure adequate light, solar access and privacy by providing spatial separation between buildings.*

Comment:

The first floor addition has been sighted to the north of the existing dwelling to minimise any solar access impacts. It is considered a reasonable level of solar access will be maintained for surrounding sites. Additionally the first floor addition complies with the side setback controls to ensure a high level of privacy. Windows have been limited along the northern elevation to ensure there will be no direct onlooking to achieve a high level of privacy.

- *To ensure that development responds to the topography of the site.*

Comment:

The proposal is considered to respond appropriately to the topography of the site.

Having regard to the above assessment, it is concluded that the proposed development is consistent with the relevant objectives of WDCP and the objectives specified in s1.3 of the Environmental Planning and Assessment Act, 1979. Accordingly, this assessment finds that the proposal is supported, in this particular circumstance.

## **THREATENED SPECIES, POPULATIONS OR ECOLOGICAL COMMUNITIES**

The proposal will not significantly affect threatened species, populations or ecological communities, or their habitats.

## **CRIME PREVENTION THROUGH ENVIRONMENTAL DESIGN**

The proposal is consistent with the principles of Crime Prevention Through Environmental Design.

## **POLICY CONTROLS**

### **Northern Beaches Section 7.12 Contributions Plan 2019**

The proposal is subject to the application of Northern Beaches Section 7.12 Contributions Plan 2019.

A monetary contribution of \$ 558 is required for the provision of new and augmented public infrastructure. The contribution is calculated as 0.5% of the total development cost of \$ 111,640.

## **CONCLUSION**

The site has been inspected and the application assessed having regard to all documentation submitted by the applicant and the provisions of:

- Environmental Planning and Assessment Act 1979;
- Environmental Planning and Assessment Regulation 2000;
- All relevant and draft Environmental Planning Instruments;
- Warringah Local Environment Plan;
- Warringah Development Control Plan; and

- Codes and Policies of Council.

This assessment has taken into consideration the submitted plans, Statement of Environmental Effects, all other documentation supporting the application and public submissions, and does not result in any unreasonable impacts on surrounding, adjoining, adjacent and nearby properties subject to the conditions contained within the recommendation.

In consideration of the proposal and the merit consideration of the development, the proposal is considered to be:

- Consistent with the objectives of the DCP
- Consistent with the zone objectives of the LEP
- Consistent with the aims of the LEP
- Consistent with the objectives of the relevant EPIs
- Consistent with the objects of the Environmental Planning and Assessment Act 1979

It is considered that the proposed development satisfies the appropriate controls and that all processes and assessments have been satisfactorily addressed.

## RECOMMENDATION

THAT Council as the consent authority grant Development Consent to DA2021/0368 for Alterations and additions to a Dwelling House on land at Lot 9 DP 26781, 18 Maroa Crescent, ALLAMBIE HEIGHTS, subject to the conditions printed below:

### DEVELOPMENT CONSENT OPERATIONAL CONDITIONS

#### 1. **Approved Plans and Supporting Documentation**

The development must be carried out in compliance (except as amended by any other condition of consent) with the following:

##### a) Approved Plans

| <b>Architectural Plans - Endorsed with Council's stamp</b> |              |                              |
|--|--------------|------------------------------|
| <b>Drawing No.</b>   | <b>Dated</b> | <b>Prepared By</b>           |
| DA00 Title Page & Notes RevA                               | Feb 2021     | peter zavaglia design studio |
| DA01 Site Analysis Plan RevA                               | Feb 2021     | peter zavaglia design studio |
| DA03 Ground Floor Plan RevA                                | Feb 2021     | peter zavaglia design studio |
| DA04 First Floor Plan RevA                                 | Feb 2021     | peter zavaglia design studio |
| DA05 Roof Plan RevA  | Feb 2021     | peter zavaglia design studio |
| DA06 Landscape Areas Calculations Plan                     | Feb 2021     | peter zavaglia design        |

|                                   |          |                              |
|-----------------------------------|----------|------------------------------|
| RevA                              |          | studio                       |

| <b>Reports / Documentation – All recommendations and requirements contained within:</b> |              |                            |
|---|--------------|----------------------------|
| <b>Report No. / Page No. / Section No.</b>  | <b>Dated</b> | <b>Prepared By</b>         |
| Bushfire Risk Assessment  | 10/03/2021   | Bushfire Planning Services |
| BASIX Certificate No. A408908   | 12/03/2021   | Efficient Living Pty Ltd   |

b) Any plans and / or documentation submitted to satisfy the Conditions of this consent.

c) The development is to be undertaken generally in accordance with the following:

| <b>Waste Management Plan</b> |              |                    |
|------------------------------|--------------|--------------------|
| <b>Drawing No/Title.</b>     | <b>Dated</b> | <b>Prepared By</b> |
| Waste Management Plan        | 30/03/2021   | Stephen McCabe     |

In the event of any inconsistency between conditions of this consent and the drawings/documents referred to above, the conditions of this consent will prevail.

Reason: To ensure the work is carried out in accordance with the determination of Council and approved plans.

## 2. **Compliance with Other Department, Authority or Service Requirements**

The development must be carried out in compliance with all recommendations and requirements, excluding general advice, within the following:

| <b>Other Department, Authority or Service</b> | <b>EDMS Reference</b>     | <b>Dated</b> |
|---|---------------------------|--------------|
| Ausgrid                                       | Response Ausgrid Referral | Undated      |

(NOTE: For a copy of the above referenced document/s, please see Application Tracking on Council's website [www.northernbeaches.nsw.gov.au](http://www.northernbeaches.nsw.gov.au))

Reason: To ensure the work is carried out in accordance with the determination and the statutory requirements of other departments, authorities or bodies.

## 3. **Prescribed Conditions**

- (a) All building works must be carried out in accordance with the requirements of the Building Code of Australia (BCA).
- (b) BASIX affected development must comply with the schedule of BASIX commitments specified within the submitted BASIX Certificate (demonstrated compliance upon

- plans/specifications is required prior to the issue of the Construction Certificate);
- (c) A sign must be erected in a prominent position on any site on which building work, subdivision work or demolition work is being carried out:
- (i) showing the name, address and telephone number of the Principal Certifying Authority for the work, and
  - (ii) showing the name of the principal contractor (if any) for any building work and a telephone number on which that person may be contacted outside working hours, and
  - (iii) stating that unauthorised entry to the work site is prohibited.
- Any such sign is to be maintained while the building work, subdivision work or demolition work is being carried out, but must be removed when the work has been completed.
- (d) Residential building work within the meaning of the Home Building Act 1989 must not be carried out unless the Principal Certifying Authority for the development to which the work relates (not being the Council) has given the Council written notice of the following information:
- (i) in the case of work for which a principal contractor is required to be appointed:
    - A. the name and licence number of the principal contractor, and
    - B. the name of the insurer by which the work is insured under Part 6 of that Act,
  - (ii) in the case of work to be done by an owner-builder:
    - A. the name of the owner-builder, and
    - B. if the owner-builder is required to hold an owner-builder permit under that Act, the number of the owner-builder permit.
- If arrangements for doing the residential building work are changed while the work is in progress so that the information notified under becomes out of date, further work must not be carried out unless the Principal Certifying Authority for the development to which the work relates (not being the Council) has given the Council written notice of the updated information.
- (e) Development that involves an excavation that extends below the level of the base of the footings of a building on adjoining land, the person having the benefit of the development consent must, at the person's own expense:
- (i) protect and support the adjoining premises from possible damage from the excavation, and
  - (ii) where necessary, underpin the adjoining premises to prevent any such damage.
  - (iii) must, at least 7 days before excavating below the level of the base of the footings of a building on an adjoining allotment of land, give notice of intention to do so to the owner of the adjoining allotment of land and furnish particulars of the excavation to the owner of the building being erected or demolished.
  - (iv) the owner of the adjoining allotment of land is not liable for any part of the cost of work carried out for the purposes of this clause, whether carried out on the allotment of land being excavated or on the adjoining allotment of land.

In this clause, allotment of land includes a public road and any other public place.

Reason: Legislative requirement.

#### 4. General Requirements

- (a) Unless authorised by Council:  
Building construction and delivery of material hours are restricted to:

- 7.00 am to 5.00 pm inclusive Monday to Friday,
- 8.00 am to 1.00 pm inclusive on Saturday,
- No work on Sundays and Public Holidays.

Demolition and excavation works are restricted to:

- 8.00 am to 5.00 pm Monday to Friday only.

(Excavation work includes the use of any excavation machinery and the use of jackhammers, rock breakers, excavators, loaders and the like, regardless of whether the activities disturb or alter the natural state of the existing ground stratum or are breaking up/removing materials from the site).

- (b) Should any asbestos be uncovered on site, its demolition and removal must be carried out in accordance with WorkCover requirements and the relevant Australian Standards.
- (c) At all times after the submission the Notice of Commencement to Council, a copy of the Development Consent and Construction Certificate is to remain onsite at all times until the issue of a final Occupation Certificate. The consent shall be available for perusal of any Authorised Officer.
- (d) Where demolition works have been completed and new construction works have not commenced within 4 weeks of the completion of the demolition works that area affected by the demolition works shall be fully stabilised and the site must be maintained in a safe and clean state until such time as new construction works commence.
- (e) Onsite toilet facilities (being either connected to the sewer or an accredited sewer management facility) for workers are to be provided for construction sites at a rate of 1 per 20 persons.
- (f) Prior to the release of the Construction Certificate, payment of the Long Service Levy is required. This payment can be made at Council or to the Long Services Payments Corporation. Payment is not required where the value of the works is less than \$25,000. The Long Service Levy is calculated on 0.35% of the building and construction work. The levy rate and level in which it applies is subject to legislative change. The applicable fee at the time of payment of the Long Service Levy will apply.
- (g) The applicant shall bear the cost of all works associated with the development that occurs on Council's property.
- (h) No skip bins, building materials, demolition or excavation waste of any nature, and no hoist, plant or machinery (crane, concrete pump or lift) shall be placed on Council's footpaths, roadways, parks or grass verges without Council Approval.
- (i) Demolition materials and builders' wastes are to be removed to approved waste/recycling centres.
- (j) No trees or native shrubs or understorey vegetation on public property (footpaths, roads, reserves, etc.) or on the land to be developed shall be removed or damaged during construction unless specifically approved in this consent including for the erection of any fences, hoardings or other temporary works.
- (k) Prior to the commencement of any development onsite for:
- i) Building/s that are to be erected

- ii) Building/s that are situated in the immediate vicinity of a public place and is dangerous to persons or property on or in the public place
- iii) Building/s that are to be demolished
- iv) For any work/s that is to be carried out
- v) For any work/s that is to be demolished

The person responsible for the development site is to erect or install on or around the development area such temporary structures or appliances (wholly within the development site) as are necessary to protect persons or property and to prevent unauthorised access to the site in order for the land or premises to be maintained in a safe or healthy condition. Upon completion of the development, such temporary structures or appliances are to be removed within 7 days.

- (l) A "Road Opening Permit" must be obtained from Council, and all appropriate charges paid, prior to commencement of any work on Council property. The owner/applicant shall be responsible for all public utilities and services in the area of the work, shall notify all relevant Authorities, and bear all costs associated with any repairs and/or adjustments as those Authorities may deem necessary.
- (m) The works must comply with the relevant Ausgrid Network Standards and SafeWork NSW Codes of Practice.
- (n) Requirements for new swimming pools/spas or existing swimming pools/spas affected by building works.
  - (1) Child resistant fencing is to be provided to any swimming pool or lockable cover to any spa containing water and is to be consistent with the following;

Relevant legislative requirements and relevant Australian Standards (including but not limited) to:

- (i) Swimming Pools Act 1992
- (ii) Swimming Pools Amendment Act 2009
- (iii) Swimming Pools Regulation 2018
- (iv) Australian Standard AS1926 Swimming Pool Safety
- (v) Australian Standard AS1926.1 Part 1: Safety barriers for swimming pools
- (vi) Australian Standard AS1926.2 Part 2: Location of safety barriers for swimming pools.
- (2) A 'KEEP WATCH' pool safety and aquatic based emergency sign, issued by Royal Life Saving is to be displayed in a prominent position within the pool/spa area.
- (3) Filter backwash waters shall be conveyed to the Sydney Water sewerage system in sewered areas or managed on-site in unsewered areas in a manner that does not cause pollution, erosion or run off, is separate from the irrigation area for any wastewater system and is separate from any onsite stormwater management system.
- (4) Swimming pools and spas must be registered with the Division of Local Government.

Reason: To ensure that works do not interfere with reasonable amenity expectations of residents and the community.

## FEES / CHARGES / CONTRIBUTIONS

## 5. **Policy Controls**

### Northern Beaches 7.12 Contributions Plan 2019

A monetary contribution of \$558.20 is payable to Northern Beaches Council for the provision of local infrastructure and services pursuant to section 7.12 of the Environmental Planning & Assessment Act 1979 and the Northern Beaches Section 7.12 Contributions Plan 2019. The monetary contribution is based on a development cost of \$111,640.00.

The monetary contribution is to be paid prior to the issue of the first Construction Certificate or Subdivision Certificate whichever occurs first, or prior to the issue of the Subdivision Certificate where no Construction Certificate is required. If the monetary contribution (total or in part) remains unpaid after the financial quarter that the development consent is issued, the amount unpaid (whether it be the full cash contribution or part thereof) will be adjusted on a quarterly basis in accordance with the applicable Consumer Price Index. If this situation applies, the cash contribution payable for this development will be the total unpaid monetary contribution as adjusted.

The proponent shall provide to the Certifying Authority written evidence (receipt/s) from Council that the total monetary contribution has been paid.

The Northern Beaches Section 7.12 Contributions Plan 2019 may be inspected at 725 Pittwater Rd, Dee Why and at Council's Customer Service Centres or alternatively, on Council's website at [www.northernbeaches.nsw.gov.au](http://www.northernbeaches.nsw.gov.au)

This fee must be paid prior to the issue of the Construction Certificate. Details demonstrating compliance are to be submitted to the Principal Certifying Authority.

Reason: To provide for contributions in accordance with the Contribution Plan to fund the provision of new or augmented local infrastructure and services.

## 6. **Security Bond**

A bond (determined from cost of works) of \$1,500 and an inspection fee in accordance with Council's Fees and Charges paid as security are required to ensure the rectification of any damage that may occur to the Council infrastructure contained within the road reserve adjoining the site as a result of construction or the transportation of materials and equipment to and from the development site.

An inspection fee in accordance with Council adopted fees and charges (at the time of payment) is payable for each kerb inspection as determined by Council (minimum (1) one inspection).

All bonds and fees shall be deposited with Council prior to Construction Certificate or demolition work commencing, and details demonstrating payment are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

To process the inspection fee and bond payment a Bond Lodgement Form must be completed with the payments (a copy of the form is attached to this consent and alternatively a copy is located on Council's website at [www.northernbeaches.nsw.gov.au](http://www.northernbeaches.nsw.gov.au)).

Reason: To ensure adequate protection of Council's infrastructure.

**CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION  
CERTIFICATE**

**7. Boundary Identification Survey**

A boundary identification survey, prepared by a Registered Surveyor, is to be prepared in respect of the subject site.

The plans submitted for the Construction Certificate are to accurately reflect the property boundaries as shown on the boundary identification survey, with setbacks between the property boundaries and the approved works consistent with those nominated on the Approved Plans of this consent.

Details demonstrating compliance are to be submitted to the Certifying Authority prior to the issue of any Construction Certificate.

Reason: To ensure all approved works are constructed within the subject site and in a manner anticipated by the development consent.

**8. Compliance with Standards**

The development is required to be carried out in accordance with all relevant Australian Standards.

Details demonstrating compliance with the relevant Australian Standard are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

Reason: To ensure the development is constructed in accordance with appropriate standards.

## **CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK**

**9. Installation and Maintenance of Sediment Control**

Prior to any works commencing on site, including demolition, sediment and erosion controls must be installed in accordance with Landcom's 'Managing Urban Stormwater: Soils and Construction' (2004). Techniques used for erosion and sediment control on site are to be adequately maintained and monitored at all times, particularly after periods of rain, and shall remain in proper operation until all development activities have been completed and the site is sufficiently stabilised with vegetation.

Reason: To protect the surrounding environment from the effects of sedimentation and erosion from the site.

**10. Waste Management During Development**

The reuse, recycling or disposal of waste during works must be done generally in accordance with the Waste Management Plan for this development.

Details demonstrating compliance must be submitted to the Principal Certifying Authority.

Reason: To ensure demolition and construction waste is recycled or reused and to limit landfill.

## **CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE**

**11. Stormwater Disposal**

The stormwater drainage works shall be certified as compliant with all relevant Australian Standards and Codes by a suitably qualified person.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority prior to the issue of any interim / final Occupation Certificate.

**Note:** The following Standards and Codes applied at the time of determination:

- (a) Australian/New Zealand Standard **AS/NZS 3500.3** - 2003 - Plumbing and drainage - Stormwater drainage
- (b) Australian/New Zealand Standard **AS/NZS 3500.3** - 2003/Amdt 1 - 2006 - Plumbing and drainage - Stormwater drainage
- (c) National Plumbing and Drainage Code.

Reason: To ensure appropriate provision for the disposal of stormwater arising from the development. (DACENF05)

12. **Removal of All Temporary Structures/Material and Construction Rubbish**

Once construction has been completed all silt and sediment fences, silt, rubbish, building debris, straw bales and temporary fences are to be removed from the site.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority prior to the issue of any interim / final Occupation Certificate.

Reason: To ensure bushland management. (DACPLF01)

In signing this report, I declare that I do not have a Conflict of Interest.

**Signed**
