RE: DA2020/1453 - 4 Collaroy Street COLLAROY NSW 2097

I live next door to the proposed development.

Disclosure - I have known the developer, Steve Howell, through school for many years.

However, I have no issues with the proposed development. My assessment from the details shown to me, is that it will be a positive step for the area.

It will take away the day campers from the carpark at no 6 with all their associated issues.

The proposed development in its current form is in keeping with the beach feel of the area and well designed. I support the proposal.
