Subject: DA 2022/0662 63 THE CORSO MANLY HARD ROCK CAFE

Hi, We are the owners of one of the units of the Pacific Waves located on 9-15 Central Avenue, Manly.

We are concerned about the serious noise issues from the above DA development and therefore would like to voice our objection to this development. The Manly Corso has already had numerous venues that are providing similar entertainment. The proximity of this venue to the Pacific Waves will certainly adversely affect the residence to a large extent owing to the noise generated until very late at night time.

We sincerely asked the council to decline this DA application.

Thank you

Tim & Angela Chiu
