Re. Frenches Forest Market @pittwater rsl

Sounds like a great idea. I used to go to the market about 10 years ago. We moved from Dee Why to Warriewood so I stop going there as it was a bit too far for me. If the market is held at the rsl club, the market will bring lots of people and its a great way to meet new people also. it supports growers and small businesses and it's great for the community here. So I am definitely happy if the market is held at the pittwater rsl club.
