RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107

I am appalled by the planning development. Yes the site is in dire need of updating but the planned building is NOT in keeping with the area, contrary to what council is claiming. I cannot understand how the bulk and scale requirements are believed to have been met. It's just a really enormous and extremely ugly lump of concrete, more in keeping in Dee Why or Manly than our beloved Whale Beach. Go build it there.
