Hi  
I would like to lodge an opposition to the apartments being considered in palm beach, on either side of Barrenjoey House. These developments are not in line with the current look and feel of palm beach as a beach side suburb.

They are imposing, ugly and domineering of the space. Palm beach does not want or need these new apartments. We do not want it over developed in the way that other seaside suburbs have been traditionally.

Please say no to these developments.

Regards  
Maraya Bell
