

Natural Environment Referral Response - Biodiversity

Application Number:	DA2021/1767
Date:	14/10/2021
Responsible Officer	Nick England
Land to be developed (Address):	Lot 1 DP 558869 , 101 George Street AVALON BEACH NSW 2107

Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query - X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

Officer comments

The application seeks approval for Internal renovations, extension of existing deck, new retaining walls and landscaping. Council's Natural Environment Unit - Biodiversity referral team have reviewed the application for consistency against the relevant environmental legislation and controls, including:

Biodiversity Conservation Act 2016 (BC Act) State Environmental Planning Policy (Coastal Management) 2018

- Proximity to Coastal Wetlands
- Coastal Environment Area

Pittwater Local Environmental Plan (PLEP)

- 7.6 Biodiversity Protection

Pittwater Development Control Plan (PDCP)

- B4.4 Flora and Fauna Habitat Enhancement Category 2 and Wildlife Corridor

The application does not require the removal of prescribed trees or vegetation, nor is it likely to impact on nearby biodiversity values. No objection is raised over the proposed landscaping. Subject to conditions the Bushland and Biodiversity referral team find the application to be consistent against relevant environmental controls.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Natural Environment Conditions:

**CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE
OCCUPATION CERTIFICATE**

Certification of Landscape Plan

Landscaping is to be implemented in accordance with the approved Landscape Plans (True Form Landscape Architecture 2021) and these conditions of consent.

Details demonstrating compliance are to be prepared by the landscape architect and provided to the Principal Certifying Authority prior to issue of the Occupation Certificate.

Reason: To ensure compliance with the requirement to retain and protect significant planting on the site.

New Vegetation Planting

Any new landscaping is to incorporate a minimum 60% locally native vegetation species as a proportion of the total number of plants. Locally native species are to be consistent with the relevant section of the Native Gardening Booklet available on Council's website.

Details demonstrating compliance are to be provided to the Principal Certifying Authority prior to issue of the Occupation Certificate.

Reason: To ensure compliance with the requirement to retain and protect native planting on the site.

No Weeds Imported On To The Site

No Priority or environmental weeds (as specified in the Northern Beaches Local Weed Management Plan 2019 – 2023) are to be imported on to the site prior to or during construction works.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority prior to issue of any Occupation Certificate.

Reason: To reduce the risk of site works contributing to spread of Priority and environmental weeds.
