RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Dear Sir/Madam/Ms,

I must own to having a very strong objection to the amended plans for proposed development.

Since the arrival of the First Fleet, fifty-five (55), species have become extinct throughout the mainland and islands.

Is it the plan of Northern Beaches Council to add to that disgraceful number by allowing development to occur in a high priority wildlife corridor which is inhabited by many vulnerable species?

Please, I humbly ask you to put the vulnerable, voiceless animals, birds, plants and invertebrates ahead of filthy lucre.

Thank you.
