RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. This is Biodiversity land and should not be destroyed by this development. When all the biodiversity is gone and the habitat of the animals and plants flattened what do we do then? Build apartments on top of the apartments? Please say enough is enough. So many people have said that this should not go ahead. Are they all wrong?

With Thanks,
Colin Smith
