RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I do not have an email or computer and have asked the golf club to submit this on my behalf.

In reference to DA2017/1274 I submit my following points:

Our developer Waterbrook has complied with all points which the RPP raised after the last refusal. This is a major step in trying to appease everyone, so we can move forward.

I suggest people who are not connected to the area should not have their submission considered as it makes a mockery of the system.

As a member of Bayview Golf Club, I believe the club itself is an excellent citizen for the area and fully support the developer.
