RE: DA2020/1756 - 353 Barrenjoey Road NEWPORT NSW 2106

This amended proposal appears to be little changed from the original rejected application. It still does not conform to the Newport Masterplan. It still exceeds some height limits. On these grounds alone, it must again be rejected. But I hope Council will make it clear to the development company that they should stop nibbling at the edges in the hope that most of their desires will ultimately be approved. Newport wants a development that will enhance the character of the village and the life of the community. We shall have to live with this development for generations. Our interests are more important the developers' profits and should be treated as such. We need you, our Council, to protect our interests. Please throw this application out.
