**RE: DA2020/1756 - 353 Barrenjoey Road NEWPORT NSW 2106**

The General Manager  
Northern Beaches Council  
RE: DA2020/1756 - 353 Barrenjoey Road NEWPORT

We regularly use Robertson Rd for dining and shopping. It has a lovely feel and could become a real attraction and meeting place for Newport.

The council should reject the proposed development because it is an ugly design, unsuitable for Newport and will destroy the atmosphere and function of Robertson Road. Robertson Road has character and is the only pedestrian precinct in Newport. The planned garage entrance on Robertson Rd will be an eyesore and a danger to pedestrians.

The 4 properties in Robertson Road should be amalgamated and developed as one, as proposed in the Newport Masterplan.

The council, in cooperation with developers, has an historical opportunity to create a model urban plan for Newport, and its community, please do not let us down.
