RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I would like to OBJECT to amended plans DA1274/2017 and to save the High Priority Wildlife Corridor in Bayview. This sort of development sickens me that we could take a dedicated wildlife area and choose to build apartment blocks. What do we leave for our children when we make decisions as stupid as that. Protect the little wildlife has in this world so our children do not grow up in a sterile dying carpark. As council, this is your job.
