**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

Greedy developers are not the only living things on this planet, so please keep what little area is left for animals, birds etc, so that non greedy people can enjoy the beauty of nature. At the age of 83, all I can envisage for the future generations, is an Australia slowly being denuded of beautiful, natural bushland.
