RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I wish to add my voice to object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife & coastal corridor, home to many vulnerable species. This is Biodiversity land and should not be destroyed by this 85 Unit development. Sustainability and biodiversity are key in ensuring not only endangered species survive, but also that humans have quality of life. We cannot afford to imagine ourselves as separate and unaffected by the environmental changes we make and all unsustainable development must now come under the heaviest scrutiny and rejected when it damages sensitive environments such as this.
