PITTWATER COUNCIL
DEVELOPMENT APPLICATION FORM

Office Use Only
DA No.: N0595/07

Date Received: 11/10/07

Village Park, 1 Park Street, MONA VALE
PO Box 882, MONA VALE NSW 1660
DX 9018, MONA VALE
Facsimile: (02) 9970 7150
Telephone: (02) 9970 1111
ABN No. 61340837871
Email: pittwater_council@pittwater.nsw.gov.au
Website: www.pittwater.nsw.gov.au

Please note all documents lodged with this Development Application, including the Application form, are available for public access at Council's offices and on Council's web site.

<p>PRE-LODGE MENT</p> <ul style="list-style-type: none"> • Pre-lodgement discussion with staff is recommended. • Discuss your proposal with your neighbours prior to design or lodgement. • Carefully read the checklist and guide in this form and ensure that all required information and documentation is provided with your application. 	<p>LODGE MENT</p> <ul style="list-style-type: none"> • All information required by the check-list must be submitted with this application. • Incomplete applications or illegible information will not be accepted by Council. • All fees are to be paid at the time of lodgement. • Please make an appointment to lodge your application. You may be delayed for an unspecified time if no appointment is made.
---	--

LOCATION OF THE PROPOSAL

Address: 143 PRINCE ALFRED PARADE, NEWPORT (Lot 45 DP 13457)

PROPOSAL

Dwelling House - Alterations and Additions, Demolition

PLEASE PROVIDE DETAILED DESCRIPTION OF PROPOSAL

OWNER: This section must be signed by ALL owners
I/we consent to the lodgement of this application and permit Council authorised personnel to enter the site for the purpose of inspections.

Signature(s) Edwina Wills Nick Wills

Print Name(s): EDWINA WILLS NICK WILLS

- If the property has recently been purchased, written confirmation from the Purchaser's Solicitor must be provided.
- If contracts have been exchanged for purchase of the land, the current owner is to sign the form.
- If signed on behalf of a Company, the seal must be stamped over the signature where a seal is required.
- If the land is below mean high water mark, the written consent of the Crown is required.
- **If the written consent is not signed by all owners of the property, this application will not be accepted.**

WHAT IS THE ESTIMATED COST OF THE PROPOSAL: \$ 254 910

Note: The estimated cost is the value of the works. It is the cost which would be incurred if a contractor carried out the works. This estimate must be supported by an actual quote contract price or independent estimate prepared by a suitably qualified person where a variation from Councils estimate of costs is sought.

APPLICANT DETAILS

For contact during application processing: (please print)

Name/Company: EDWINA WILLS

Address: 143 Prince Alfred Parade Newport NSW 2106

E-Mail Contact Details: edwinawills@bigpond.com

Phone: (04) 12 564 895 Daytime Contact No: (04) 12 564 895

BUILDER / PROJECT MANAGER (please print)

Name/Company: _____

Address: _____

E-Mail Contact Details: _____

Phone: (____) _____

Daytime Contact No: (____) _____

APPLICANT SIGNOFF

I declare that all of the particulars and information supplied in connection with this application are correct and recognise that the application together with all supporting documents and plans will be made available to the public including availability through Council's internet site.

I declare that the estimate of cost of the project is the commercial value of the proposed works and is based on a properly prepared cost estimate or actual quote or contract competition price for the work.

I also confirm that this application has been prepared addressing the relevant Local Environmental Plan and Development Control Plan requirements and that the application includes all the "Information To Be Submitted" as specified by the Pittwater 21 DCP.

I hereby certify that this proposal complies with the requirements of the Pittwater 21 Development Control Plan.

Alternatively, where this application does not comply with these requirements, I have provided a written justification in support of this proposal, addressing the relevant control outcomes.

Further, I acknowledge that I am aware of my obligations under the Disability Discrimination Act.

SIX SETS OF DEVELOPMENT DRAWINGS ARE INCLUDED. (FIVE SETS FOLDED TO A4 SIZE, ONE SET UNFOLDED FOR SCANNING.)

THREE COPIES OF SUPPORTING TECHNICAL REPORTS ARE INCLUDED.

TWELVE COPIES OF THE NOTIFICATION PLAN ARE INCLUDED.

I understand that a false declaration may result in the refusal of this application.

Signature: Edwina Wills

Date: 10 Oct 2007

DEVELOPMENT APPLICATION ACCEPTANCE CHECKLIST	
<p>Council staff will complete the following Acceptance Checklist on receipt of the application. This process is carried out to:-</p> <ol style="list-style-type: none"> 1. Ensure that the application includes the relevant information to facilitate assessment of the proposal. 2. Specify the State Authorities to which the Application may need to be referred. 3. Specify the Areas of Council to which an internal referral is required. <p>Applicants should note that this is a preliminary assessment of the information submitted with the application and that ALL "information to be submitted" as clearly specified in the Pittwater 21 DCP is to be included with the application at the time of lodgement.</p> <p>The application assessment process will involve a detailed appraisal of the information submitted with the application. Where incomplete information is provided assessment of the application will be subject to the STOP THE CLOCK provisions of the legislation while the required information is obtained.</p> <p>Failure to provide the required "Information to be Submitted" as outlined through the Pittwater 21 DCP www.pittwater.nsw.gov.au in a satisfactory form is most likely to result in delay or refusal of the application.</p>	<input type="checkbox"/>

Counter Acceptance Checklist

B1.2 Submission of a Statement of Environmental Effects

A Statement of Environmental Effect is required to accompany all applications.

1. For Designated Development an Environmental Impact Statement is required.
2. For on-line applications the electronic form is to be completed under the "Outcomes" section for each control. Additional Statement of Environmental Effects documents are not to be uploaded.
3. For all other applications, see below:-

The Statement of Environmental Effects should provide information in the form of a written statement, which assesses the proposal in terms of the site and surrounding properties. The statement must detail the ways in which negative consequences or impacts of the proposal can be minimised and should include the following:-

- A site description (current use, aspect, slope, vegetation)
- The site details (address, Lot No./DP No. etc)
- A description of the proposed development
- An identification of the type of development (i.e. complying development; local development; integrated development; designated development)
- A brief discussion and identification of the zoning of the land identifying that the proposal is a permissible development of the site.
- An analysis of the Bulk Scale of Proposed Structures & Impact of the proposed development on surrounding properties.
- Reference should be made to:-
 - Bulk & scale of building
 - Height
 - Front side & rear setbacks (refer to surrounding setbacks and any established defacto building lines)
 - Retaining structures
- The Statement of Environmental Effects should also include the information outlined as required to be addressed in the Statement of Environmental Effects for each of the relevant controls that applies to the proposed development on the nominated site.

B1.3 Submission of supporting documentation - site plan / survey plan / development drawings

Development drawings (6 copies required): -

Floor Plans

- ◆ Floor Plans (an aerial view of the room layout on all levels or storeys minimum scale 1:100)
- ◆ North point shown
- ◆ Site boundaries shown
- ◆ Room dimensions and uses shown
- ◆ Location and dimension of all windows, doors and walls including wall thicknesses

Elevations (6 copies required) (a view of all sides of the building and site profile minimum scale 1:100)

- ◆ All relevant elevations detailed and identified i.e.(north, south etc) with the proposed additions clearly identified.
- ◆ In particular elevations as viewed from adjoining areas of public domain are to be shown.
- ◆ Existing / proposed ground levels and all floor to ceiling heights
- ◆ Reduced levels to Australian Height Datum shown for all roof levels, floors, ceilings for the existing and proposed buildings and those on adjoining sites.
- ◆ Street levels to be shown AHD
- ◆ Roof profile, materials, colour, roof pitch and eaves widths are to be shown
- ◆ The outbuildings on the site and adjoining sites are to be shown.

Sections (6 copies required) (a cut through of the view of the building and / or site minimum scale 1:100)

- ◆ The outline of the existing and / or proposed building showing all dimensions including roof pitch
- ◆ All sections are to be labelled and crossed labelled back to where they occur on the floor plan and elevations.
- ◆ Along section through the driveway from the kerb line (or edge of road formation) to the garage or parking floor area is to be provided driveway cross section are required at the front boundary where cut / fill depths exceed 0.5 metres, otherwise where cut / fill depths exceed 1 metre.
- ◆ Construction details for walls, floors, windows, doors, ceiling, roof frames, types of footings etc.

The development drawings should also include all other information required to be submitted in accordance with each relevant control applying to the proposed development on the nominated site.

The development drawings shall incorporate a statement prepared by the designer confirming that the proposed works have been designed so that when constructed they can comply with the Building Code of Australia.

Survey plan (6 copies required): -

- ◆ A plan prepared by a Registered Surveyor which identifies all existing site features and existing ground levels (minimum scale 1 :100).
- ◆ The Plan should show all relevant information including the location of easements, Restrictions on Use of Land areas affected by covenants etc together with boundary dimensions.
- ◆ 1m contour intervals relating to a fixed datum point based on the Australian Height Datum (AHD).
- ◆ All trees (including trunk diameters, heights and spreads), rock features, the adjacent road including all drainage structures, kerb lines, centre line, street trees and the location of services.
- ◆ The outline of buildings with floor level on and immediately adjoining the site together with floor levels and ridge heights and the location of doors and windows where a privacy and view line issues may become an issue.
- ◆ The location of any watercourses, or drainage structures and pipelines contained within or near to the site.
- ◆ The survey plan should also include all other information required to be submitted in accordance with each relevant control applying to the proposed development on the nominated site.

Site Plan(s) (6 copies required): - A plan view of the site showing the existing and proposed buildings the following information: -

- ◆ North point and all boundary dimensions of the site
- ◆ Location of all easements, rights of way and areas affected by covenants
- ◆ All existing / proposed buildings and hard surface structures,(driveways, pathways etc) on the site and proposed setbacks and distances to boundaries, proposed additions to existing buildings are to be clearly identified by cross hatching, shading or otherwise.
- ◆ The site plan is to clearly indicate the location of trees together with their canopy spread and identify trees to be removed and those to be retained.
- ◆ Site Plan(s) should also include all other information required to be submitted in accordance with each relevant control applying to the proposed development on the nominated site.

B1.4 Notification

- ◆ Twelve sets of notification plans including site plans, elevations showing all proposed works in colour are to be submitted. They must be A4 or A3 size with all features and dimensions and notations clearly shown and legible.
- ◆ The notification plans are to show the overall height and external appearance of the proposal relative to the existing finished ground levels as well as existing buildings on the site and on adjacent land.
- ◆ All dimensions and notations on the notification plans must be clearly legible.

B4.2 Flora and fauna habitat enhancement Category 2 Land REFER S.E.E.

- ◆ The relevant requirements for information to be submitted for the control as it relates to the natural environment are to be provided with the application. (See information to be submitted for details)

B4.5 Protection of native wildlife REFER S.E.E.

- ◆ The relevant requirements for information to be submitted for the control as it relates to the natural environment are to be provided with the application. (See information to be submitted for details)

B4.6 Pittwater spotted gum forest endangered ecological community REFER S.E.E.

- ◆ The relevant requirements for information to be submitted for the control as it relates to the natural environment are to be provided with the application. (See information to be submitted for details)

B5.1 Wastewater management N/A.

- ◆ Where connection to the Sydney Water Sewage System cannot be achieved or reuse of waste water is proposed an on-site waste water management study prepared by an appropriately qualified sewage and water treatment consultant is to be provided.

N/A B5.3 Stormwater management - on-site detention N/A.

< 50m²

- ◆ All residential properties identified as requiring on-site stormwater detention where proposed works increase the built upon areas by more than 50m, will require submission of an on-site stormwater detention concept plan. (This can be shown on the site plan or ground floor plan).
- ◆ An Onsite Stormwater Detention Concept Plan is required for all multi-unit developments, flats, townhouses, dual occupancies, SEPP 5 aged and disabled housing, new shops, offices, restaurants, service stations, schools, disabled housing, factory or warehouse and subdivisions.

N/A B6.1 Access driveways - residential development up to 2 dwellings (single dwelling and dual occupancy)

- ◆ For all access driveways that proposed to use other than Normal-High or Normal-Low profiles, variation to Councils controls, suspended driveways or retaining walls or whether there is no kerb and gutter, written advice for approval by Councils Urban Infrastructure Unit of the proposed driveway is to be provided.
- ◆ For access driveways to main roads involving suspended driveways and retaining walls written advice from the RTA as to the acceptability of the driveway is required.
- ◆ For existing driveways which are to be retained which have a gradient greater than 25% certification by an NRPE Registered Engineer in regard to safety is required.

N/A B8.1 Construction and demolition - excavation and landfill

A report and certified forms as set out in Council's Geotechnical Risk Management Policy for Pittwater are to be provided.

Note: This requirement only applies when:

- Excavation greater than 1 metre deep, the edge of which is closer to a site boundary or structure to be retained on the site, than the overall depth of the excavation, and/or;
- Any excavation greater than 3 metres deep below the existing surface, and/or;
- Any excavation that has the potential to destabilize a tree capable of collapsing in a way that any part of the tree could fall onto adjoining structures (proposed or existing) or adjoining property, and/or;
- Any landfill greater than 1.0 metres in height, and/or;
- Any works that may be affected by geotechnical processes or which may impact on geotechnical processes including but not limited to constructions on sites with low bearing capacity soils.

N/A C1.1 Landscaping

< 50m²

- ◆ A landscaping plan needs to be provided unless the proposal does not involve changes to the external appearances or increase the footprint of an existing building and /or does not cause any substantial changes to the visual character of the site (as a guide a landscape plan is required the works will disturb more than 50m of the site).

✓ C1.4 Solar access

- ◆ Information on shadow effected on adjoining properties and any self shadows Minimum Scale 1:200 (this can be shown on the site plan). The outline of the existing/proposed and adjoining buildings (where they fall within the shadowed area) and the shadow cast by existing trees on the adjoining properties are to be shown.
- ◆ The outline of the shadow cast by the proposed building during the winter solstice at 9am, 12 noon and 3pm is to be shown. If the proposal involves demolition of an existing building, indicate the shadow cast by that building and the new building.

✓ C1.9 Accessibility

- An access report prepared by an accredited access adviser is to be provided for multi unit housing, shop top housing and seniors living development
- A Compliance Checklist for Access and Support Services must be provided for seniors living development.

N/A C1.11 Energy and water conservation

♦ (New dwellings only). Certification by an accredited certifying that the building achieve a 3.5 stars Natethers rating. (Note: certification is not required where the proposed development is a minor alteration and addition comprising less than 50% of the gross floor area to an existing residential building).

N/A B1.14 Integrated Development: Aboriginal Objects and Places

♦ This applies to development which will impact on Aboriginal relics and places. (Note: only a small number of developments including land subdivision and those proposals which will cause clearing to significant areas of vegetation fall into this category of development. Check Control B1.8 if unsure).

N/A B1.8 Integrated Development: National Parks and Wildlife Service (NPWS) - Species Impact Statement

♦ A species impact statement shall be submitted (the National Parks and Wildlife Service should be consulted) a fee is payable to the NPWS on lodgement of the application. (Note: only a small number of developments including land subdivision and those proposals which will cause clearing to significant areas of vegetation fall into this category of development. Check Control B1.8 if unsure).

N/A B1.10 Integrated Development: Water Supply

♦ Applies where proposal involves water extraction eg pumps, bores, dams, sewers etc. A fee is payable to the Department of Infrastructure Planning & Natural Resources on lodgement of the application. (Note: only a small number of developments are affected by this requirement).

✓ B3.2 Landslip hazard

♦ A report and certified forms as set out in Councils Geotechnical Risk Management Policy for Pittwater are to be provided.

B4.4 Wildlife corridors REFER S.E.E.

♦ The relevant requirements for information to be submitted for the control as it relates to the natural environment are to be provided with the application. (See information to be submitted for details)

D10.1 Character as viewed from a public place

For proposed developments having a value greater than \$350,000 a photo montage is to be provided for proposed developments having a value greater than \$1,000,000 a model is to be provided.

✓ D10.4 Building colours, materials and construction

◆ A colour and materials sample or scheme is to be provided.

SEPP (Building Sustainability Index: BASIX) 2004

A BASIX Certificate issued by the Department of Infrastructure, Planning and Natural Resources is to be provided.
