RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

We object to the amended plans for DA2017/1274:

This development will cause irreversible damage to the Bayview wildlife corridor and we request it be stopped. This land should be permanently protected from development. This development will be a 5 acre blockage of the wildlife corridor. Council this is biodiversity land, and a high priority wildlife corridor. Is this large Seniors development which is out of character with the surrounding area, legally permitted on this land?

The Powerful Owl is listed as an endangered species and is unacceptable that this species are at risk of this DA's impact.
