**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

I object to DA1274/2017 development proposal as it is unacceptably sited in a high priority wildlife coastal corridor which includes the existence of vulnerable fauna species. The environmental risk and impact is excessive. This is an area which I visit regularly when visiting family in the area; it is highly valued for its wildlife and environmental assets.
