**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

I wish to state I object totally to DA1274/2017 with plans to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species.

There has been a review of how Threatened and vulnerable species have been lost in Australia. I recently made a submission to this.

This DA should have been sent to the Federal Govt investigating the effects of the EPBC Act. Developments that destroy wildlife corridors are one of the many reasons we are losing our wildlife and our flora species.

This is Biodiversity land and should not be destroyed by this development. I live in an area that is fast being destroyed by overdevelopment with no thought given to retaining habitat corridors.
