2099**

To Whom it May Concern,

I am certainly concerned about further development by a private operator within such an environmentally precious area. We have so few areas left like this in Sydney for water fowl, land dwelling animals, and simply open sky with minimal visual pollution. The Northern Beaches is under threat of losing so much of our beloved open spaces with new developments popping up everywhere it seems. I know I am not alone in saying this is NOT what local or visiting residents want. I huge oppose this.
