Attention Lindsay Dyce

Dear Sir,

**DA N0481/05 DEMOLITION OF EXISTING BUILDINGS 18 MACPHERSON ST,
WARRIEWOOD – SECTOR 3.**

I refer to the above described development consent and wish to advise Council that work commenced on the demolition of these structures in 2006 and the removal of glass houses in the centre of the site has been substantially completed

These works were undertaken on the understanding with Council Officers, that a Construction Certificate is not required for demolition works

Due to ongoing public health and safety concerns, it is Mirvac's intention to now complete the removal of the remaining infrastructure in the coming weeks. In this regard Craig & Rhodes Pty Ltd have been engaged as Project Managers to oversee all matters required by the Development Consent

Should you have any queries in regard to this matter please contact, Andrew Halmarick on 9869 1855

Yours Faithfully
MIRVAC HOMES PTY LTD
