Subject: Notice of proposed development DA2024/0944

[REDACTED] [REDACTED]

Dear Sir/Madam

The reasons for my objection re the proposed development of Lot 3&4 DP 26902:

I would envisage a dangerous scenario with huge transportation vehicles negotiating an already dangerous stretch of Boondah Rd between the Sthn end of the Meriton complex & the S bend. (try walking SAFELY along that section after heavy rain) I have observed the Flower Power heavy vehicles negotiating the car park there & hate to think of Boondah Rd coping with that, plus customer traffic in the mix.

I feel there are enough nurseries in the valley to warrant another in the area.

Kind regards,

Robyn Pattison
