**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

I would like to register my protest for the proposed development of 52 Cabbage tree Road. Wildlife corridors should not get pass step 1, let alone waste council time and money evaluating the proposal.

I hope council can demonstrate that the trust we place in them to protect the areas that are environmentally sensitive like this is well placed.

There already is a massive lack of faith in the political process and failure with clear cut cases issues like this will just cement the view the system cannot be trusted.
