RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

I strongly object to the proposed development of a telecommunications tower on Abbott Road. This is an area often populated by children and players, it is also right opposite our house and I do not wish to be in the firing line of 5G rays.. Not only will it be an eyesore to an area of open green space but poses a health risk. Furthermore I have 2 children attending Curl Curl North Public school and I believe The tower is too close to the school in accordance with guidelines. Thank you.
