RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. This is Biodiversity land and should not be destroyed by this development. We are losing too much habitat with unsightly over development and risk future survival of native species as well as compromising air quality and living conditions for ourselves. Please let's apply some foresight before it's too late!
