I object and do not consent to 5G being radiated on the population.
We do not need 5G. We do not have any safe studies of the health effects on
humans animals and insects that inhabit this planet.
I do not consent to the visual aspects of this tower.
I do not consent to radiation near children playing sport / new skate park and
attending north curl curl public school and living in the nearby homes. I live in nearby
home.
The known effects of increased EMRs are it causes cancer!
Headaches. Migraines. Sleep disturbances. Dizziness. Fatigue. Many many more. It
basically heats up the water in our body. We are 75% water! We do not need to be
microwaved and made unwell. This will be 24/7. No switch off. I DO NOT
CONSENT. MY CHILDREN DO NOT CONSENT.
