**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

Myself and thousands of other people object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife and coastal corridor, home to many vulnerable species. This is Biodiversity land and should not be destroyed by this 85 Unit development. Greedy developers and councils including yours, the Northern Beaches Council and all over Australia are destroying our forests, native habitat and wildlife and agricultural lands for the sake of making a quick buck. Soon there will be nothing left but desert and concrete coasts. When will big business and government stop destroying this once beautiful land of OURS. Get the Dollar Signs out of your eyes and look around you and see what devastation you have done already..
