**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

Thank you for this opportunity to lodge our feedback on this matter.  
I would like to register a strong objection to the proposal DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species.

This is Biodiversity land and should not be destroyed by this development.  
As an Australian citizen, I value Australia's diversity of flora and fauna and even though this development is taking place outside of my suburb, I feel strongly that we are all responsible to be custodians of Australia's wildlife for our generations to come.

I urge to stop this development as it is contrary to good sense of taking care of our flora and fauna.

Thank you,  
yumi
