**RE: DA2018/0149 - 60 Binalong Avenue ALLAMBIE HEIGHTS NSW 2100**

This is a low density single house family area. Because the land is sloping in many local streets, parking is at a premium, the school bus can barely get past as it is. I take it there are 32 parking spots in the basement!?  
How ridiculous to want to build this type of accommodation in this area.
