### Officer comments

#### General Comments

The applicant proposes to insert a servery window in the southern wall of the kitchen. Environmental Health has some concern about how the kitchen will manage an opening with regard to insect ingress and contact with food being displayed - protection of food from contamination. We've concluded to recommend approval without conditions due to the fact that the food business operations will be regulated under the *Food Act 2003* during routine food inspections.

### Recommendation

APPROVAL - no conditions

### Recommended Environmental Health and Protection Conditions:

Nil.
