Subject: DA2020/1756 351 Barrenjoey Road Newport & 353 Barrenjoey Road Newport: LPP Submission

Categories: DA2020/1756

Dear Panel Members,

I am astonished that Northern Beaches Council has approved this DA.

The Newport community in their thousands have made it very clear that they would like Robertson Road to be the heart and soul of the community and to achieve this they would like to see it pedestrianised. When are politicians and councillors and those working for the community going to start listening and representing the wishes of their community in their decision making? The Newport community has spoken in hundreds of submissions against this DA. It breaches the Newport Master Plan on multiple occasions. This developer well known in Newport for this breaching of plans is once again just focused on his bottom line, he offers nothing to the Newport Community. Evident by his unwillingness to move his DA's carpark entrance off Robertson Road as so widely requested by the local community. No for him it's just about \$\$\$\$.

Please reject this application on behalf of the Newport community.

Sincerely,

Christine Bodart
