**RE: DA2019/1119 - 4 / 0 Bennett Street CURL CURL NSW 2096**

As a resident (46 Stirgess ave) we are opposed to the proposed market/fair at Harbord Bowling Club, for the reasons outlined below:

- 1) Parking and congestion on Sundays are already an issue due to sports that take place including AFL, Cricket, Netball and Softball. The congestion in our street and surrounding streets is extremely high with cars parked on the corners, leaving dangerous blind spots and cars being parked on the grass areas.
- 2) The impact on the residents of the affected streets, specifically Stirgess Avenue, including reversing and parking our own cars, manoeuvring in and out of our own home and street, the safety of our children in the streets and homes and noise levels.
- 3) Application for temporary road closures that just make living here and transporting to and from even harder than it already is.

I am not opposed to the market once a month but every Sunday just makes it difficult, unsafe and will negatively impact our community.

I look forward to hearing from you.

Kind regards

John and Vanessa Meikle
