Re: Development Application 2020/0264

We refer to the above Development Application and a response which was sent by Sharen Caccamo on April 14th, 2020.

Sharen is an employee of Tasman KB and inadvertently sent a response which included our company logo.

We wish to clarify that the company has no objection to the above application and that Sharen's response reflected her personal views. The views outlined in the email do not reflect the company's position in any way.

It would be appreciated if the application file could include this letter to ensure that the records show a true and fair view of community responses.

If further information is required, please feel free to contact me.

Best regards,
