Marmora Street, Freshwater

Dear Sir

my name is Isabella Austin and I am 10 years old.

I don't think that you should rip out almost all of the shops in Harbord, just so you can put a mall there, because there are heaps of shops in Harbord that people could go to. Or people could take a bus or a car or they could walk to Warringah mall if they had to get lots of stuff! And lots of people go there for breakfast and coffees in the morning and if people have to just get some food they could go to IGA or something. Plus, to lots of the people that live near where you want to put in a mall it would be very annoying for them because of all the working and building.

So please don't put in the new mall because we have perfect shops there already (the ones you want to rip out!).

From Isabella Grace Austin ♡
