RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

This development is a gross over development of an environmentally vulnerable are. It is totally out of context with the surrounding area. Cabbage Tree Road already has three retirement villages exiting and entering on to it. This road is narrow and bendy with a very narrow footpath. The extra traffic caused by this development may well be the straw that breaks the camel's back. The area is part of a wild life corridor which once built on will no longer exist. The local council have already turned this development down for good reason. Please don't allow the developer to override the wishes of the local population. Contrary to what the developers have said, the local population do not want this development.
