RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

As a community member who attended the nearby Manly Selective Campus, as a student I enjoyed this area with my peers for exercise and recreation and continue to do so since graduating. As an area for public recreation, I believe if the proposed development were to go ahead it would impede on the public recreation area and diminish the valuable green space of the area. The area is also home to a delicate ecosystem, which ought to be protected and this development may have consequences on the existing flora and fauna. I urge council to reconsider this application.
