RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

It is all very easy to lodge a protest, but please accept that this is a protest with the highest degree of sincerity. As I understand this proposal, if it proceeds, it would be in the midst of an area which is all too rare and should be protected at all costs, so the obvious question is why?

I lodge my strongest protest against this proposal and I ask that you do not allow the proposal to go ahead, but do everything possible to preserve this land (and the area), for the benefits of those well beyond our generation.

Sincerely,

Most Rev. Gordon L. McKenzie
