RE: DA2020/1756 - 353 Barrenjoey Road NEWPORT NSW 2106

As a Pittwater resident of over 20 years I was very pleased with the original plan for Robertson Road which turned the area into a pedestrian friendly place.

This development is not following the plan and should be rejected by council.

I always found Pittwater Council receptive to things in our area. I hope NBC can support our residents in this matter and reject this development.
