RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I vehemently object to the Development Application numbered 1274/2017, in the belief that it will cause irreparable harm to the delicate ecosystem and wildlife reproductive habitat in that region.

I know this area well from my childhood and believe that Council should take heed of the public's strong and vocal opposition to this project, and protect this valuable high-priority wildlife corridor.

People can live almost anywhere. Wildlife cannot.

Thanking you in anticipation.

Su Johnson
