Subject: DA2017/1274 - Bayview Seniors Housing and Golf Course

To whom it may concern,

This email is in reference to DA2017/1274 - Waterbrook, Bayview.

I am writing to demonstrate my unwavering support for the development of this retirement living complex.

The reason for my support is that I believe it will serve the community of Bayview to have facilities to cater for the unprecedented number of seniors. I believe the development will provide a positive opportunity for the seniors of the Northern beaches to remain within their communities, as well as provide alternative for those looking for a seachange in their retirement.

I believe the location is ideal and will have reciprocal benefits for both the ageing community and Bayview Golf Club alike. This development will secure a longtime sustainable future for the club by resolving existing flooding issues as well as promoting playability.

Warmest Regards,

Ashleigh
