RE. New Submission for development of Waterbrook at Bayview Golf Club.
DA2107/1274

I would again like to OBJECT STRONGLY to the new Submission to Develop Waterbrook at the Bayview Golf Club.

This new submission still plans to remove a large number of mature trees and seriously damage the Wildlife Corridor in this area..

It is incomprehensible that a large development should take place in this UNIQUE AREA OF BUSHLAND which would be destroyed forever!

There would seem to be other sites available for redevelopment on more level areas, with easier access, and closer to existing services.

The destruction of the tree canopy in Bayview has increased alarmingly over the 27 years that I have lived in this area. I have witnessed loss of many bird species in that time and an increase in temperatures as our shaded roads and paths have disappeared.

THIS SUBMISSION MUST BE STOPPED! PLEASE!!
