Subject: Submission re DA Number: DA2017/1274

Dear Sir/Ms

Bayview Seniors Housing and Golf Course DA2017/1274

I am writing to support the above Development Application. As a member of Bayview Golf Club for the last 25 years, I know the sale of the land for development of the Bayview Seniors Housing is essential to the ongoing financial health of the golf club, without which the Club would have to curtail services and/or make alternative plans for its future as a golf club.

I also know that the Waterbrook organisation has an enviable record for building quality housing for seniors, such housing developments being sympathetic to the environment in which they are situated.

I therefore unreservedly support this application and request that it be given approval by the Council.

Yours faithfully

Robert (Bob) Webster
