RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

My partner and I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor, which is home to many vulnerable species of plants, animals and birds.

This is Biodiversity land and should not be destroyed by a selfish development which would kill or make homeless a myriad of wildlife species and increase the general degradation of this beautiful area which we have known and treasured for years. Bit by bit natural areas of great beauty are being sacrificed for short-term profit, for the few. Please, do not cave in to demanding developers or contribute to the devastation of nature in NSW by accepting this proposal to annihilate a precious wildlife corridor.
