as a local family that lives on the park, we strongly object to the proposed application. This is an environmental park and a place for children to play, with a large school and playing fields - allowing a mobile phone tower to be placed here would be harmful and ugly to the park and everyone who uses it. It does not comply with the plan of management for John Fisher Park and there is no justification for it.. There is simply no place for a phone tower in the midst of an environmental park teeming with children and families. Please do not allow this to be approved.
