Subject: Bayview golf club development for retirement village

To whom it may concern,

The proposed retirement village on Bayview Golf Club land encompassing portions of the hilltop side of Cabbage tree road would appear to be something that would benefit the whole community. Not only that but recreation facilities, ie: Bayview Golf club would, through this development be able to provide facilities that would rival almost anything in the quality range desired by all who play the game of golf. I would like to see this development go ahead due to its dual benefits, eg: exercise for all who wish to use the facilities and high quality retirement infrastructure. I cannot readily discern any negative sides to this development and would like to add my voice to it being given permission to proceed forthwith.

Regards,

Michael Broadhurst.
