RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Although I do not live in this area, like the majority of Australians I am horrified at the lack of thought for our wildlife. I am sure there would be areas that would not impact on a wildlife corridor that could house this facility, we are already hearing reports of koala populations that will become extinct in the near future. Not only koalas, all wildlife and diversity is at risk.

I am asking on behalf of the creatures, and people, in the area who will be deprived of our wonderful environment
