RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

We object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. This is Biodiversity land and should not be destroyed by this development. Will councils and government only stop the continual land clearing and consequent destruction of our biodiversity when all local species have been eliminated. Do your civic duty and find somewhere else to locate these units; all you're doing is putting money into the developer' pockets.
