RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Dear to whom it concerns

As our city grows it's very important to maintain these wildlife corridors it used to happen near my house but due to development the wildlife has gone including the small blue tongue lizards that were regular visitor

So I urge you to maintain this corridors to make our city a great place to live for all ages

Regards Barry Melville 5
