Subject: Bayview Seniors housing and Golf Course

To whom it may concern

im am writing to you regarding the supposed development of the Bayview Seniors and golf course... i've been a member at bay view golf club for over fifteen years and have enjoyed every moment.....the ground staff have made a great job of the golf course and vast improvement to the course this work would not have been possible without Waterbrook purchasing the landthis development for the Seniors housing will certainly benefit not only the senior members in the community, also, create more jobs, plant more trees and create beautiful gardens , it will be an environmentally friendly establishment and not to mention the Bayview Golf course will complete its final stage of works .i urge you to take this matter into consideration and approve of this development

yours faithfully
Rose Cipri
