RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I am objecting to D.A. 1274/2017.

The site is an important wildlife corridor, habitat for several rare or vulnerable species.

The proposed development of seniors housing with 7 buildings, 3 to 4 storeys high will remove more than 100 trees and bushland.

While densification, and seniors living, on the Northern Beaches is appropriate, it should not be happening on rare bushland sites or on undeveloped scenic areas.

While this development may be to the financial advantage of the Bayview Golf Club it will be a great cost to the physical environment, and the community at large.
